Hip urban living

Kush began with a vision to start a serviced apartment brand that not only offers ultra-slick interiors for the new wave of urban professionals but also provides a lifestyle to all Kush residents, which keeps them close to the vibe of the city in which they live.

Kush offers luxuriously furnished apartments between 550 square feet and 750 square feet in three distinct locations on Hong Kong Island. Each apartment is installed with Bose DVD entertainment systems, Bang & Olufsen phones, iPod docks and a host of other appliances. All of Kush's properties are fully serviced and each resident receives a Kush Envy card giving them coveted access to night clubs, spas, restaurants and gyms.
